

PLAN REVIEW APPLICATION

Project Name	Municipality Project Number	
Date	Municipality (County or City)	
Contact Name (or Applicant/Owner)		
Project APN(s)	Contact Email Address	
Project Address		
City	State	Zip Code

How much surface area will be disturbed* for the project? (acres or ft²)

More than an acre (43,560 ft²) of disturbance will require a **Dust Control Plan**, see back.

Y	N	Please answer the following questions.
		Is a Dust Control Plan included in the submittals?
		Does the property have known Naturally Occurring Asbestos, or is the property in, or adjacent to, a mapped ultramafic soils area?***
		Will any demolition take place for the project? (Structural or concrete?)
		Will any other air quality permits be required, either for business processes, or for non-vehicular diesel engines over 49 horsepower (hp)?

*Rule 226 "**Disturbed Area**: An area in which soils have been disturbed by grading, land leveling, scraping, cut and fill activities, excavation, brush and timber clearing, grubbing, and soils on which vehicle operation has occurred."

** <https://maps.conservation.ca.gov/cgs/gmc/> (The map shows ultramafic soils as dark purple "um" areas.)

I agree to pay the evaluation fee upon invoicing.

Name: _____ Signature: _____

The Northern Sierra Air Quality Management District requires Plan Review Evaluation Fees for all applicants submitting plans to any Planning Department in Plumas, Sierra and Nevada counties (or directly to NSAQMD), per NSAQMD Rule 603.

A filing **fee of \$161.56** (prevailing weighted labor rate) will be charged for **all plan reviews**. This fee covers up to 1 hour of staff time. Any additional hours may be billed at the District's hourly labor rate (or quarter fraction thereof). A secondary **invoice will be sent** upon completion of the review if necessary.

Written documentation of the review will be provided to the municipality performing the main project review (or directly to applicants in special situations).

Guidance on the requirements for **Dust Control Plans** can be found here:
<https://www.myairdistrict.com/land-use-guidelines>

For any further questions please email us at office@myairdistrict.com .
